Services - Select All That Apply

Consultation

☐ New Patient ☐ Established Patient

Cardiac CT

☐ Coronary CT Angiography (CCTA) (75574) with Plaque Analysis (75577) +/- FFR-CT (75580) if clinically indicated. **Self-pay only for asymptomatic patients.**

Please note: CAC (calcium score) is not offered at CardioNow, as it does not detect non-calcified plaque and therefore provides limited prognostic information. CCTA with Plaque Analysis is performed instead, offering comprehensive quantification of calcified, non-calcified, and low-attenuation plaque, stenosis severity, and total plaque burden.
